Benefits, premiums, deductibles, and/or copayments/coinsurance may change on January 1, 2025.

Hamaspik Medicare Select and Hamaspik Medicare Choice are an HMO D-SNP with a Medicare contract. Enrollment in a Hamaspik Medicare Advantage plan depends on contract renewal.

Note to existing members:

This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to "we," "us", or "our," it means Hamaspik Inc. When it refers to "plan" or "our plan," it means Hamaspik Medicare Select and Hamaspik Medicare Choice.

This document includes the list of the drugs (formulary) for our plan which is current as of 12/01/2024. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages. You can also find updated formulary information on our website at www.hamaspik.com.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2024, and from time to time during the year.

What is the Hamaspik Medicare Select and Hamaspik Medicare Choice Formulary?

A formulary is a list of covered drugs selected by Hamaspik Inc. Medicare Advantage plans, in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Hamaspik Inc. will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Hamaspik Medicare plan network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand-name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand-name drug on our Drug List, but immediately add new restrictions. If you are currently taking that brand-name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.

    - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request

an exception, and you can find information in the section below titled "How do I request an exception to the Hamaspik Medicare Select and Hamaspik Medicare Choice Formulary?"

- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.

- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to the market to replace a brand-name drug currently on the formulary, or add new restrictions to the brand-name drug. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.

    - If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled "How do I request an exception to the Hamaspik Medicare Select and Hamaspik Medicare Choice Formulary?"

Changes that will not affect you if you are currently taking the drug.
Generally, if you are taking a drug on our 2024 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2024 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will

not get direct notice this year about changes that do not affect you. However, on January 1st of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 12/01/2024. To get updated information about the drugs covered by Hamaspik Medicare Select and Hamaspik Medicare Choice, please contact us. Our contact information appears on the front and back cover pages. You can request a new printed formulary and we will mail it to your home. You can also find updated formulary information on our website at: www.hamaspik.com.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 13. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, "Cardiovascular Agents" If you know what your drug is used for, look for the category name in the list that begins on 13. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 285. The Index provides an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Hamaspik Medicare Select and Hamaspik Medicare Choice cover both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Hamaspik Medicare Select and Hamaspik Medicare Choice require you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from Hamaspik before you fill your prescriptions. If you don't get approval, Hamaspik may not cover the drug.

- **Quantity Limits:** For certain drugs, Hamaspik Medicare Select and Hamaspik Medicare Choice limit the amount of the drug that Hamaspik will cover. For example, Hamaspik provides 3 units per 28 days per prescription for Ozempic. This may be in addition to a standard one-month or three-month supply.

- **Step Therapy:** In some cases, Hamaspik Medicare Select and Hamaspik Medicare Choice require that you first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Hamaspik may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Hamaspik will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 13. You can also get more information about the restrictions applied to specific covered drugs by

visiting our website. (www.hamaspik.com) We have posted online a document that explains our prior authorization restrictions, step therapy restrictions, and quantity limit restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Hamaspik Medicare Select and Hamaspik Medicare Choice to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Hamaspik Medicare Select and Hamaspik Medicare Choice formulary?" on the next page, for information about how to request an exception.

What are over-the-counter (OTC) drugs?

OTC drugs are non-prescription drugs that are not normally covered by a Medicare Prescription Drug Plan. Hamaspik Medicare Select and Hamaspik Medicare Choice covers your OTC drugs through a supplemental benefit. Please see your Evidence of Coverage for more information about how this benefit works. Your OTC drugs are provided at no cost to you, up to your monthly coverage limit.

The cost of these OTC drugs will not count toward your total Part D drug costs (that is, the cost of the OTC drugs does not count for the coverage gap).

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you learn that Hamaspik Medicare Select and Hamaspik Medicare Choice do not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by Hamaspik. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by Hamaspik.

- You can ask Hamaspik to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Hamaspik Medicare Select and Hamaspik Medicare Choice Formulary?

You can ask Hamaspik to make an exception to our coverage rules. There are several types of exceptions
that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.

- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Hamaspik limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Hamaspik will only approve your request for an exception if the alternative drugs included on the plan's formulary or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary or utilization restriction exception. **When you request a formulary or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can

request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days that you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30 day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

Hamaspik Medicare Select and Hamaspik Medicare Choice Formulary

The formulary that begins on the next page provides coverage information about the drugs covered by Hamaspik Medicare Select and Hamaspik Medicare Choice. If you have trouble finding your drug in the list, turn to the Index that begins on page 285.

The first column of the chart lists the drug name. Brand-name drugs are capitalized (e.g., BRILINTA 60 MG TABLET) and generic drugs are listed in lower-case italics (e.g., *bumetanide 0.5 mg tablet*).

The information in the Requirements/Limits column tells you if Hamaspik Medicare Select and Hamaspik Medicare Choice have any special requirements for coverage of your drug.

FORMULARY KEY TO ABBREVIATIONS

LA – Limited Availability: This prescription may be available only at certain pharmacies. For more information, consult your Pharmacy Directory or call Member Services at 1-888-426-2774. TTY users should call 711.

PA – Prior Authorization: The Plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval before you fill your prescriptions. If you do not get approval, we may not cover the drug.

PA – Part B vs. D Determination: This prescription drug may be covered under Medicare Part B or Part D, depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.

QL – Quantity Limit: For certain drugs, the Plan limits the amount of the drug that we will cover.

ST – Step Therapy: In some cases, the Plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.
