Upper Peninsula Health Plan (UPHP) MI Health Link (Medicare-Medicaid Plan) | 2025 *List of Covered Drugs* (Formulary)

Introduction

This document is called the *List of Covered Drugs* (also known as the *Drug List*). It tells you which prescription drugs and over-the-counter drugs are covered by Upper Peninsula Health Plan (UPHP) MI Health Link. The *Drug List* also tells you if there are any special rules or restrictions on any drugs covered by UPHP MI Health Link. Key terms and their definitions appear in the last chapter of the *Member Handbook*.

No changes made since 08/01/2025

pay for your services. For more information, call UPHP MI Health Link Customer Service at 1-877-349-9324 (TTY: 711), Monday through Friday from 8 a.m. to 9 p.m. Eastern Time or read the UPHP MI Health Link *Member Handbook*.

B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs*. You can read all of the FAQ to learn more, or look for a question and answer.

B1. What prescription drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the “*Drug List*” for short.)

The drugs on the *List of Covered Drugs* in section C are the drugs covered by UPHP MI Health Link. These drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

- UPHP MI Health Link will cover all medically necessary drugs on the *Drug List* if:
 - your doctor or other prescriber says you need them to get better or stay healthy, **and**
 - you fill the prescription at a UPHP MI Health Link network pharmacy.
- UPHP MI Health Link may have additional steps to access certain drugs (refer to question B4 below).

You can also find an up-to-date list of drugs that we cover on our website at www.uphp.com/medicare/uphp-mi-health-link, ask your Care Coordinator for help, or call UPHP Customer Service toll-free at 1-877-349-9324 (TTY: 711), Monday through Friday from 8 a.m. to 9 p.m. Eastern Time.

B2. Does the *Drug List* ever change?

Yes, and UPHP MI Health Link must follow Medicare and Michigan Medicaid rules when making changes. We may add or remove drugs on the *Drug List* during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior approval (PA) for a drug. (PA is permission from UPHP MI Health Link before you can get a drug.)
- Add or change the amount of a drug you can get (called “quantity limits”).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, refer to question B4.

If you are taking a drug that was covered at the **beginning** of the year, we will generally not

If you have questions, please call UPHP MI Health Link at 1-877-349-9324 (TTY: 711), Monday through Friday from 8 a.m. to 9 p.m. Eastern Time. The call is free. **For more information**, visit www.uphp.com/medicare/uphp-mi-health-link.

remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the *Drug List* now, **or**
- we learn that a drug is not safe, **or**
- a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the *Drug List* changes.

- You can always check UPHP MI Health Link's up to date *Drug List* online at www.uphp.com/medicare/uphp-mi-health-link. Updates to the *Drug List* are posted on the website monthly.
- You can also call UPHP Customer Service to check the current *Drug List* at 1-877-349-9324 (TTY: 711), Monday through Friday from 8 a.m. to 9 p.m. Eastern Time.

B3. What happens when there is a change to the *Drug List*?

Some changes to the *Drug List* will happen **immediately**. For example:

- **Substitutions of certain new version of drugs.** We may immediately remove the drugs from the *Drug List* if we replace them with certain new versions of that drug, but your cost for the new drug will stay the same. When we add a new version of a drug, we may also decide to keep the brand name drug or original biological product on the list but change its coverage rules or limits.
 - We may not tell you before we make this change, but we will send you information about the specific change we made once it happens.
 - We can make these changes only if the drug we are adding:
 - Is a new generic version of a brand name drug, or
 - Is a certain new biosimilar version of original biological products on the *Drug List* (for example, adding an interchangeable biosimilar that can be substituted for an original biological product without a new prescription).
 - Some of these drug types may be new to you. For more information, refer to Section B14.
 - You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Please refer to question B10 for more information on exceptions.
- **A drug is taken off the market.** If the Food and Drug Administration (FDA) says a drug you are taking is not safe or effective or the drug's manufacturer takes a drug off the market, we may immediately take it off the *Drug List*. If you are taking the

If you have questions, please call UPHP MI Health Link at 1-877-349-9324 (TTY: 711), Monday through Friday from 8 a.m. to 9 p.m. Eastern Time. The call is free. **For more information**, visit www.uphp.com/medicare/uphp-mi-health-link.

drug, we will send you a notice after we make the change.

If you are affected by a change in drug coverage, we encourage you to:

- Work with your doctor (or other prescriber) to find a different drug that we cover.
 - You can call Customer Service UPHP Customer Service at 1-877-349-9324 (TTY: 711), Monday through Friday from 8 a.m. to 9 p.m. Eastern Time or contact your Care Coordinator to ask for a list of covered drugs (*Drug List*) that treat the same condition.
 - The *Drug List* can help your provider find a covered drug that might work for you.
- Work with your doctor (or other prescriber) and ask the plan to make an exception to cover the drug.
 - You can ask for an exception before next year and we will give you an answer within 72 hours after we get your request (or your prescriber's supporting statement).
 - To learn what you must do to ask for an exception, refer to Chapter 9 of the 2025 *Member Handbook* (section F3) or call PHP Customer Service at 1-877-349-9324 (TTY: 711), Monday through Friday from 8 a.m. to 9 p.m. Eastern Time.
 - If you need help asking for an exception, you can contact UPHP Customer Service at 1-877-349-9324 (TTY: 711), Monday through Friday from 8 a.m. to 9 p.m. Eastern Time or your Care Coordinator. Refer to Chapter 2 (section A) and Chapter 3 (section C2) of the *Member Handbook* to learn more about how to contact your Care Coordinator.

We may make other changes that affect the drugs you take. We will tell you in advance about these other changes to the *Drug List*. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We remove a brand name drug from the *Drug List* when adding a generic drug that is not new to the market, or
- we remove an original biological product when adding a biosimilar, or
- we change the coverage rules or limits for the brand name drug.

When these changes happen, we will:

- tell you at least 30 days before we make the change to the *Drug List* **or**
- let you know and give you a 30-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- if there is a similar drug on the *Drug List* you can take instead **or**
- whether to ask for an exception from these changes. To learn more about exceptions, refer to question B10.

If you have questions, please call UPHP MI Health Link at 1-877-349-9324 (TTY: 711), Monday through Friday from 8 a.m. to 9 p.m. Eastern Time. The call is free. **For more information**, visit www.uphp.com/medicare/uphp-mi-health-link.

B4. Are there any restrictions or limits on drug coverage? Or are there any required actions to take to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior authorization (PA) or approval:** For some drugs, you or your doctor or other prescriber must get PA from UPHP MI Health Link before you fill your prescription. If you don't get approval, UPHP MI Health Link may not cover the drug.
- **Quantity limits:** Sometimes UPHP MI Health Link limits the amount of a drug you can get.
- **Step therapy:** Sometimes UPHP MI Health Link requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your prescriber thinks the first drug doesn't work for you, then we will cover the second.
- **Indication-based coverage:** If UPHP MI Health Link covers a drug only for some medical conditions, we clearly identify if on the *Drug List* along with the specific medical conditions that are covered.

You can find out if your drug has any additional requirements or limits by looking in the tables in section C. You can also get more information by visiting our website at www.uphp.com/medicare/uphp-mi-health-link. We have posted online documents that explain our PA and step therapy restrictions. You may also ask us to send you a copy.

You can also ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the *Drug List* you can take instead or whether to ask for an exception. Please refer to questions B10-B12 for more information about exceptions.

B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?

The table of drugs in section C has a column labeled "Necessary actions, restrictions, or limits on use."

B6. What happens if UPHP MI Health Link changes their rules about some drugs (for example, PA or approval, quantity limits, and/or step therapy restrictions)?

In some cases, we will tell you in advance if we add or change PA, quantity limits, and/or step

If you have questions, please call UPHP MI Health Link at 1-877-349-9324 (TTY: 711), Monday through Friday from 8 a.m. to 9 p.m. Eastern Time. The call is free. **For more information**, visit www.uphp.com/medicare/uphp-mi-health-link.

therapy restrictions on a drug. Refer to section B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the *Drug List* change.

B7. How can I find a drug on the *Drug List*?

There are two ways to find a drug:

- You can search alphabetically by the drug's name, **or**
- You can search by medical condition.

To search **alphabetically**, refer to the Index of Covered Drugs section. You can find the Index starting on page 166. The section provides an alphabetical list of all the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

To search **by medical condition**, find the section labeled “Drugs Grouped by Medical Condition” in section C. The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, Cardiovascular Agents. That is where you will find drugs that treat heart conditions.

B8. What if the drug I want to take is not on the *Drug List*?

If you don't find your drug on the *Drug List*, call UPHP Customer Service at 1-877-349-9324 (TTY: 711), Monday through Friday from 8 a.m. to 9 p.m. Eastern Time and ask about it. If you learn that UPHP MI Health Link will not cover the drug, you can do one of these things:

- Ask UPHP Customer Service for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the *Drug List* that is like the one you want to take. **Or**
 - You can ask the health plan to make an exception to cover your drug. Please refer to questions B10-B12 for more information about exceptions.
-

B9. What if I am a new UPHP MI Health Link member and can't find my drug on the *Drug List* or have a problem getting my drug?

We can help. We may cover a temporary 30-day supply of your drug during the first 90 days you are a member of UPHP MI Health Link. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the *Drug List* you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple refills to provide up to a maximum of 30 days of medication.

If you have questions, please call UPHP MI Health Link at 1-877-349-9324 (TTY: 711), Monday through Friday from 8 a.m. to 9 p.m. Eastern Time. The call is free. **For more information**, visit www.uphp.com/medicare/uphp-mi-health-link.

We will cover a 30-day supply of your drug if:

- you are taking a drug that is not on our *Drug List*, **or**
- health plan rules do not let you get the amount ordered by your prescriber, **or**
- the drug requires PA by UPHP MI Health Link, **or**
- you are taking a drug that is part of a step therapy restriction.

If you are in a nursing home or other long-term care facility, and need a drug that is not on the *Drug List* or if you cannot easily get the drug you need, we can help. If you have been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We will cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new UPHP MI Health Link member.
- This is in addition to the temporary supply during the first 90 days you are a member of UPHP MI Health Link.

B10. Can I ask for an exception to cover my drug?

Yes. You can ask UPHP MI Health Link to make an exception to cover a drug that is not on the *Drug List*.

You can also ask us to change the rules on your drug.

- For example, UPHP MI Health Link may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or PA requirements.

B11. How can I ask for an exception?

To ask for an exception, call UPHP Customer Service. A UPHP Customer Service representative will work with you and your provider to help you ask for an exception. You can also read Chapter 9 of the *Member Handbook* to learn more about exceptions.

B12. How long does it take to get an exception?

After, we get a statement from your prescriber supporting your request for an exception, we will give you a decision within 72 hours. You, your representative, or your doctor (or other prescriber) can send us the prescriber supporting statement. For fastest service we recommend faxing the statement to 866-391-6730. You can also mail the statement:

Prime Therapeutics
P.O. Box 64806
St. Paul, MN 55164-0811

If you have questions, please call UPHP MI Health Link at 1-877-349-9324 (TTY: 711), Monday through Friday from 8 a.m. to 9 p.m. Eastern Time. The call is free. **For more information**, visit www.uphp.com/medicare/uphp-mi-health-link.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

B13. What are generic drugs?

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and generally work just as well. They usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA). There are generic drugs available for many brand name drugs. Generic drugs usually can be substituted for brand name drugs at the pharmacy without a new prescription—depending on state laws.

UPHP MI Health Link covers both brand name drugs and generic drugs.

B14. What are original biological products and how are they related to biosimilars?

When we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have forms that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilars alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

For more information on drug types, refer to Chapter 5 of the *Member Handbook*.

B15. What are OTC drugs?

OTC stands for "over-the-counter." UPHP MI Health Link covers some OTC drugs when they are written as prescriptions by your provider.

You can read the UPHP MI Health Link *Drug List* to see what OTC drugs are covered.

B16. Does UPHP MI Health Link cover non-drug OTC products?

UPHP MI Health Link covers some non-drug OTC products when they are written as prescriptions by your provider.

Examples of non-drug OTC products include spacers for inhalers, condoms, Covid-19 home test kits, etc.

You can read the UPHP MI Health Link *Drug List* to find out what non-drug OTC products are covered.

B17. What is my copay?

As a UPHP MI Health Link member, you have no copays for prescription and OTC drugs as long

If you have questions, please call UPHP MI Health Link at 1-877-349-9324 (TTY: 711), Monday through Friday from 8 a.m. to 9 p.m. Eastern Time. The call is free. **For more information**, visit www.uphp.com/medicare/uphp-mi-health-link.

as you follow UPHP MI Health Link’s rules.

B18. What are drug tiers?

Tiers are groups of drugs. Tier 1 and Tier 2 may include OTC drugs.

Drug Tier	Type of Drug	Copay Amount
Tier 1	Generic drugs	(\$0)
Tier 2	Brand drugs	(\$0)

All tiers have (\$0) copay.

C. Overview of the List of Covered Drugs

The following list of covered drugs gives you information about the drugs covered by UPHP MI Health Link. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins in section D. The index alphabetically lists all drugs covered by UPHP MI Health Link.

The first column of the chart lists the name of the drug. Brand name drugs are capitalized (e.g., JANUVIA), and generic drugs are listed in lower-case italics (e.g., *sitagliptin*).

The information in the necessary actions, restrictions, or limits on use column tells you if UPHP MI Health Link has any rules for covering your drug.

Note: The * next to a drug means the drug is not a “Part D drug.”

- These drugs have different rules for appeals. An appeal is a formal way of asking us to review a coverage decision and to change it if you think we made a mistake. For example, we might decide that a drug that you want is not covered or is no longer covered by Medicare or Michigan Medicaid.
 - If you or your prescriber disagrees with our decision, you can appeal. To ask for instructions on how to appeal, call UPHP Customer Service at 1-877-349-9324 (TTY: 711), Monday through Friday from 8 a.m. to 9 p.m. Eastern Time. You can also read Chapter 9 in the *Member Handbook* to learn how to appeal a decision.
-

C1. Drugs Grouped by Medical Condition

The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, Cardiovascular Agents. That is where you will find drugs that treat heart conditions.

Here are the meanings of the codes used in the “Necessary actions, restrictions, or limits on use” column:

If you have questions, please call UPHP MI Health Link at 1-877-349-9324 (TTY: 711), Monday through Friday from 8 a.m. to 9 p.m. Eastern Time. The call is free. **For more information**, visit www.uphp.com/medicare/uphp-mi-health-link.

* = This indicates the drug is not a Medicare Part D drug however is covered under your UPHP MI Health Link plan.

PA = Prior authorization (approval): you must have approval from the plan before you can get this drug. There are also codes that show if a PA is required because the medication may be covered under Medicare Part B, or if a medication is only available for new starts only.

ST = Step therapy: you must try another drug before you can get this one.

QL = Quantity Limit: There is a limit to how much of a medication you can receive.

QLC = This medication is subject to Opioid Safety Edits

If you have questions, please call UPHP MI Health Link at 1-877-349-9324 (TTY: 711), Monday through Friday from 8 a.m. to 9 p.m. Eastern Time. The call is free. **For more information**, visit www.uphp.com/medicare/uphp-mi-health-link.

Upper Peninsula Health Plan (UPHP) Notice Informing Individuals about Nondiscrimination and Accessibility Requirements

Upper Peninsula Health Plan (UPHP) complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex (including pregnancy, sexual orientation, and gender identity). UPHP does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex (including pregnancy, sexual orientation, and gender identity).

UPHP:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages

If you need these services, contact UPHP Customer Service at 1-877-349-9324 (TTY: 711).

If you believe that UPHP has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex (including pregnancy, sexual orientation, and gender identity), you can file a grievance with UPHP:

UPHP Customer Service
853 W. Washington Street
Marquette, MI 49855

Phone: 1-877-349-9324 (TTY: 711)
Fax 1-906-225-7690.

You can file a grievance in person, mail, or fax. If you need help filing a grievance, UPHP Customer Service is available to help you.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at: U.S. Department of Health and Human Services, 200 Independence Avenue SW., Room 509F, HHH Building, Washington, DC 20201, 1-800-868-1019, 800-537-7697 (TDD).

Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>.
